### COVID-19 Statement

We would like to re-assure our customers that we can continue to supply them with top quality malts during this unprecedented difficult time.

We have been classified as an essential business as we manufacture key ingredients for the food and drink industries within the UK and overseas. As such, our staff are key workers and therefore allowed to travel to and from home to our production site in Castleford. We continue to operate safely and follow Government guidelines applying the 2m social distancing rule for staff whilst at work.

It is our intention to carry on producing malts for as long as our customers continue to order from us. We have a very flexible workforce and production facility across 6 separate units. In the event of some staff self-isolating, we are confident that we can continue to use our resources effectively.

For Thomas Fawcett & Sons Ltd

B Hickman  
Production Director
